Dear Colleagues,

CALL FOR PARTICIPATION IN THE INTEGRATED TOKAMAK MODELLING ACTIVITIES UNDER THE EFDA 2010 WORK PROGRAMME

At its meeting in Brussels on 6 October 2009, the EFDA Steering Committee approved Issue 2 of the EFDA 2010 Work Programme (EFDA (09) 42/3.2, 30 September 2009), including the programme on Integrated Tokamak Modelling. These activities are described under chapter V-1, EFDA Work Programme, with estimated resources as follows: manpower under baseline support of 43.5 ppy, plus 738 kEuro respectively for manpower additional support under priority support.

The implementation of the 2010 Work programme will be under Task Agreements as foreseen in the EFDA Art. 5.

The proposed programme is summarised in the Call for Participation:

- Task Force ITM activities (*CfP-WP10-ITM.pdf*),

This letter invites your association to participate in the EFDA Integrated Tokamak Modelling Task Force 2010 activities, indicating the proposed manpower under Baseline Support (ppy) for the tasks your association wishes to participate in, and proposing work under Priority Support (ppy and/or kEuros) and Mobility when applicable.

Priority Support Activities

For tasks under Priority Support more detailed information on skills and commitments are requested. Staff proposed for work under Priority Support will be selected on the basis of their experience and skills, the commitment in time towards the fulfilment of the task and the Association or research Group relevant experience or/and proposed additional support.

Mobility

The use of the mobility agreement is foreseen for exchanging scientists between the involved Associations. In particular, attendance of taskforce meetings and working sessions/code camps are eligible for mobility support. If you wish to make use of mobility support you are invited to make a detailed proposal. Note that your proposal should be included also in the Association's annual mobility plan.

ECoM System

The Calls for Participation for 2010 Activities are being launched via the database system ECoM. Please therefore see below the link to connect to the Call.

<https://ecom.efda.org/efda/taskman/cfps/00022/response.html>

Clicking the link will take you directly to the login screen – please enter the user name and password as communicated to you at the beginning of July by the EFDA IT support team. The full Call document is also available on the ECoM screen and can be obtained by clicking on the button “Download Call Document”.

Should your Association be interested in participating in the 2010 Task Force activities, you are kindly requested to **enter and submit your answers on the ECoM system by midnight of Tuesday 22nd December 2009**. Please note that once a proposal has been “submitted”, by clicking on the appropriate button, it is not retractable unless you contact the EFDA Responsible Officer, explaining the problem.

For any other technical details related to the Call, please contact the respective Task Force Leaders directly:

Pär Strand, par.strand@chalmers.se
Rui Coelho, rui.coelho@ipfn.ist.utl.pt (deputy)
Lars-Göran Eriksson, Lars-Goran.Eriksson@ec.europa.eu (deputy)
Gloria Falchetto, gloria.falchetto@cea.fr (deputy)

or the Responsible Officers in the Close Support Unit

Denis Kalupin denis.kalupin@efda.org

For any problems with the use of ECoM, please contact Bertrand Fanel (bertrand.fanel@efda.org) or Jennie Humphreys (jennie.humphreys@efda.org).

With my best regards

Jérôme Paméla
EFDA Leader

p.o. Duarte Borba
Physics Coordination Group Leader
