

# Workshop

## ROMANIA - JINR DUBNA Committee

### ROMANIA – JINR cooperation: actual stage of development and perspectives for collaboration”

#### Institute of Atomic Physics (IFA)

- 9.00 Plenipotentiary Representative of the Romanian Government to JINR and the Romania – JINR Committee meet the delegates from JINR
- 10.00 – 14.00 M.G. Itkis, JINR Vice-Director  
Current research activities and the “Road Map” of JINR strategic development  
V.D. Kekelidze, Director of Veksler-Baldin Laboratory of High Energy Physics  
NICA-MPD project status  
V.V. Ivanov, Director of Laboratory of Information Technologies  
Information technologies for experimental and theoretical studies conducted at JINR  
A.V. Belushkin, Director of Frank Laboratory of Neutron Physics  
Modern trends in neutron scattering studies of condensed matter  
E.A. Krasavin, Director of Laboratory of Radiation Biology  
Radiobiology of accelerated heavy ions - new radiobiology  
S.E. Pakulyak, Deputy Director of JINR University Center  
Educational process in JINR University Center  
*Coffee Break*  
N. V. Zamfir, Director General IFIN-HH  
Studies in nuclear physics and related fields  
V. Tripadus, Department of Nuclear Physics, IFIN-HH  
Neutron Scattering  
I. V. Popescu, “Valahia” University in Targoviste  
Elemental Analysis  
M. Dulea, Department of Information Technologies, IFIN-HH  
About GRID  
Al. Jipa, Dean of the Faculty of Physics, University of Bucharest  
Educational aspects of the Romanian collaboration with JINR
- 14.00 – 15.00 *Lunch Break*
- 15.00 – 19.30 Visit to the Institute’s laboratories, IFIN-HH departments and discussions
- 19.30 Dinner

**29 September 2008, ora 10<sup>00</sup>, IFA Conference Room, Tower Building, floor 9**
