To the Members of the General Assembly

Our Ref.: TD/ag-1502
Date: 12 January 2015

Dear colleagues,

Subject: Call for proposals to provide support within the High Level Support Team

At its 7th meeting on 13-14 November 2014, the General Assembly approved the publishing of a Call for two full-time or four part-time (50%) experts to join the High Level Support Team (HLST) working within the Infrastructure Support Activities (ISA) Project.

With the present letter I would like to invite you to propose experts from your Research Unit to work as members of the High Level Support Team and work on the HLST projects within the Research Units. Details on the HLST projects which have been provisionally accepted for support are in the attachments to this letter. The proposal(s) should detail the scientific skills/experience of the candidate following the fields in the attached document "**Response_template_for_HLST_staff.doc**".

Proposals should be sent via e-mail to Irina Voitsekhovitch (irina.voitsekhovitch@euro-fusion.org) with copy to jennie.humphreys@euro-fusion.org through the GA Member no later than **5th February 2015**.

Should you have any questions related to this letter, please contact Irina Voitsekhovitch.

Yours sincerely,

Tony Donne
Programme Manager
