**To the Heads of Research Units in EU Fusion  
Associations and to the Representatives of the  
new Member states and associated countries**

Dear Colleagues,

## **CALL FOR PARTICIPATION IN THE 2009 SUPERCONDUCTORS FOR FUSION APPLICATION PROGRAMME UNDER EFDA**

At its meeting in Prague on 24 March 2009 the EFDA Steering Committee approved the amendment of the EFDA 2009 Work Programme, including tasks *on Superconductors for Fusion Application*. The present Call relates to the preparation of a Task Agreement covering these tasks and to be implemented on the basis of the provisions given in Art. 5 of the EFDA Agreement. The EFDA SC has agreed to conduct these activities under baseline support. The purpose of this letter is to invite participation of your Association in the 2009 *Superconductors for Fusion Application tasks*.

The implementation of the activities included in this Call will be done via Task Agreement **WP09-SCF-01**. The document supporting this Call (see [file: callTASCF](#)) includes deliverables, milestones and estimated manpower .

### **Mobility**

The use of the mobility agreement is foreseen for exchange of scientists between the involved Associations. If you wish to make use of mobility support you are invited to make a detailed proposal in the template response sheet ([Form\\_Mobility.xls](#)) which is provided with the Call. Note that your proposal should be included also in the Association's annual mobility plan.

Should your Association be interested in participating in the Superconductors for Fusion 2009 activities, you are kindly asked to send your answer by 30 April 2009 at the latest to the EFDA RO Frederic Le Guern ([Frederic.leguern@efda.org](mailto:Frederic.leguern@efda.org)) with copy to Administration ([jennie.humphreys@efda.org](mailto:jennie.humphreys@efda.org)).
