Dear all,

This is a reminder that the EUFORIA workshop on "Using the EUFORIA Grid for Parallel Programs" is being held on Thursday 25th February 2010 at 15.00 CET. The aim of the workshop is to discuss and demonstrate what is required to run MPI programs on the Grid and make available the resources of the EUFORIA Grid for EUFORIA users and other interested parties.

The workshop will be presented over the video-conferencing system provided by efda-tv. Material presented will be available after the workshop on the EUFORIA Indico website:

<http://indico.euforia-project.eu/>

As will a recorded version of the presentation.

The details of the video-conference are as follows:

EFDA TV Channel 3 will be used for the slides:

vnc audience password: para_view

All H.323 participants use this E.164 number on the DFN MCU

IPP-EFDA-ITM 004910097918673

For participants with ISDN VC systems and phones they should use the DFNVC - ISDN/IP gateway as follows to connect to the conference:

Dial with any phone or ISDN system one of the two german telephone numbers:

+49-30-25410800

+49-711-6330190

wait a second until you are asked to enter the conference ID. Then please skip the 0049100 and enter only the rest of the string, namely

97918673

followed by a # (hash, Gartenzaun).

Slides will be shared through efdatv (<http://efdatv.efda.org>) using

Channel 3:

Audience password: Parallel_view

Please let me know if you have any questions or comments regarding this training or any other feedback/requirements for training in general.

Look forward to seeing you next Thursday.

thanks

adrianj
