Dear ITM members

as you might already have been informed by your Project Leader the next session of ITM Code Camps
will take place in Cadarache and foresee two main activities

-Â **ITM control activities Working Session + Code Camp 28th June â€'July 1st**

-Â **IMP3: ETS Code Camp** Â **July 5th (starting 13h) â€' July 16th**
Â
Participation is expected from Â members of **IMP3-ACT1** and other **IMP3 tasks,** Â IMP12, EDRG, ISIP.
All interested IMP members are welcome to join accordingly to the planned activities.

Please find below a **preliminary Agenda for the ETS code camp** as proposed by IMP3 leadership.
as well as - important / urgent- Â **information concerning CEA Â Research Centre Access formalities**
and **hotel booking** (also in the attached document).

Meeting location
The Code Camps will take place in CEA Cadarache Research centre located close to Aix-en-Provence (40km).
        CEA-Cadarache
        IRFM/Tore Supra
        Building 506
        13108 Saint Paul lez Durance, France

        Registration: 1st floor secretariat SCCP
        Meeting Room: 1st floor Salle de Maquettes (wifi and VC available)

A bus service will be affected from/to Aix-en-Provence and from Cadarache Chateau to Cadarache CEA Research Center.

Â
IMPORTANT : CEA formalities
For the non CEA participants, the attached **Entry_Form** to obtain the access pass (Avis de Rendez-Vous) to CEA Cadarache Research Center must be filled in advance (20 days before for non-EU citizens and participants staying for more then 7 days) and returned by fax or email to the secretary (see local contact below) the soonest,
by **June 11th the latest..

Some hotel rooms reservations have been blocked in Aix-en-Provence hotels and will be hold for a few days,

please find the list and prices below.
During the second week it is also possible to book a room in Cadarache castle.

Please contact either the secretary or the Hotels yourself for your booking mentioning CEA reservation.
Please act rapidly since during this period in the famous Opera Festival is taking place in Aix-en-Provence.

Best regards
Gloria Falchetto

Objet : [Leaders] First Announcement ITM Cadarache Code Camps July 2010 :Control activities and ETS

Dear ITM leaders,

the next session of ITM Code Camps will take place in Cadarache and concerns two main activities

- **ITM control activities Working Session and Code Camp June 28th â€" July 1st**

Mid-term assessment of control activities status and roadmap evaluation. (WS)
Hands-on session on how to integrate control schemas into the ITM platform using SCICOS and Simulink. (CC)

People involved in ITM tasks explicitly related to control **(ISIP-ACT12, IMP12-ACT2, EDRG-ACT4)** are expected to participate, but all interested are welcome.

- **ETS Code Camp**

Participation is expected from IMP3 members who replied to the call for

WP10-ITM-IMP3-ACT1: Maintenance, continuing development, verification and validation of the ETS

All interested members from IMP3 and all other IMPs (as well as ERDG AMNS) are also invited

to participate..

As you might have learnt from some frenetic email exchanges in these last daysâ€¦

it is proposed to shift the 2 weeks core ETS Code Camp so to ensure local ISIP support for ETS Kepler integration, for at least the second week of the Code Camp.

The actual proposed ETS related Code Camp dates are **July 5th to 16th**

(be aware that July 14th is national holiday in France!)

Please urgently contact me if the new proposed dates are not convenient for the main involved developers.

Please send me a list of potential participants per project to send to our secretary for logistics.

An email including an agenda of the activities planned for the ETS CC

as well as details on logistics, hotels as well as entry forms to be filled for Cadarache access

will soon follow.

Best regards

Gloria

for the local organization ;-)
