---

Dear Contact persons,

This message is to invite you to the ITM-TF 2010 general meeting and training session.

The meeting will take place in Lisbon, at the Congress Centre of the Instituto Superior Técnico (IST), between the 13th and the 15th September 2010. Training sessions on the ITM-TF tools are scheduled for 16th-17th September, held at the Computer Centre of the Electronics Engineering Department of IST. The meeting starts at 8:30 on Monday the 13th and ends around 16:30 on Wednesday 15th.

The training sessions will take place immediately after the ITM General meeting, from Thursday 16th to Friday 17th.

Both introductory and advanced training sessions will be held and they are mandatory for newcomers and strongly advised for other ITM members. The sessions will be covering :

- ITM tools and methods
- ITM Workflow in Kepler
- Software engineering tools (MPI, HPC, other advanced course

are scheduled with contributions from EUFORIA, ITM-TF and HPC-FF. Participation in these activities is strongly encouraged to enable an optimal acquaintance with many of the ITM tools now being released.

For further details and registration see the website:
