Dear Colleagues,

CALL FOR PARTICIPATION IN THE PHYSICS TOPICAL GROUP ACTIVITIES UNDER THE EFDA 2011 WORK PROGRAMME

At its meeting in Dublin on 23 June 2010, the EFDA Steering Committee approved elements of the EFDA 2011 Work Programme, including the programmes for Transport, Heating and Current Drive and Fuelling Physics, and Diagnostics. These activities are described in the EFDA Work Programme (EFDA (10) 45/4.1.1, Annex II-2, II-3 and V-1 respectively), and require an estimated manpower as follows:

	<i>Baseline support</i>	<i>Priority Support (k€)</i>
	<i>(ppy)</i>	<i>EC contribution</i>
II-2 Transport	32	300
II-3 H&CD and Fuelling Physics	25	130
V-1 Diagnostics	25	500

The implementation of the 2011 Work Programme will be under Task Agreements as foreseen in the new EFDA Art. 5.

The proposed programme is summarised in the Calls for Participation attached:

- Topical Group Transport activities (*CfP-WP11-TRA-01.pdf*),
- Topical Group H&CD and Fuelling Physics activities (*CfP-WP11-HCD-01.pdf*),
- Topical Group Diagnostics activities (*CfP-WP11-DIA-01.pdf*),

This letter invites your Association to participate in these EFDA Topical Group 2011 activities, indicating the proposed manpower under Baseline Support (ppy) for the tasks your Association wishes to participate in, and proposing Work under Priority Support (ppy and/or kEuro) and Mobility when applicable.

Priority Support Activities

In order to ensure the added value of EFDA coordination, priority support will be allocated only to the activities that are critical for the achievements of the programmatic priorities of EFDA and that could not be undertaken otherwise. Therefore, for activities proposed under

Priority Support detailed information on skills and commitments are requested, including the manpower required for each proposal. Staff proposed for work under Priority Support will be selected on the basis of their experience and skills, the commitment in time towards the fulfilment of the task and the Association or research Group relevant experience or/and proposed additional support. Please ensure that when making a proposal for activities under Priority Support, a detailed proposal is submitted, including a description of the work to be performed outlining the novelty of the investigation compared with previous work and a description of the deliverables.

Mobility

The use of the mobility agreement is foreseen for exchanging scientists between the involved Associations. In particular, attendance of taskforce meetings and working sessions/code camps are eligible for mobility support. If you wish to make use of mobility support you are invited to make a detailed proposal. **Note that your proposal should be included also in the Association's annual mobility plan.**

ECoM System

The Calls for Participation for these Activities is being launched via the database system ECoM as it was done for the 2010 Work Programme. Please therefore see below the links to connect to the Calls:

Transport:	https://ecom.efda.org/efda/taskman/cfps/00030/response.html
H&CD and Fuelling Physics:	https://ecom.efda.org/efda/taskman/cfps/00031/response.html
Diagnostics:	https://ecom.efda.org/efda/taskman/cfps/00038/response.html

Clicking the links will take you directly to the login screen – please enter the user name and password as communicated to you in past. The full Call documents are also available on the ECoM screen and can be obtained by clicking on the button “Download Call Document”.

Should your Association be interested in participating in these activities, you are kindly requested to **enter and submit your answers on the ECoM system by midnight of Friday 14 January 2011**. Please note that once a proposal has been “submitted”, by clicking on the appropriate button, it is not retractable unless you contact the EFDA Responsible Officer, explaining the problem.

For any other technical details related to the Call, please contact the respective Topical Group Chairs directly:

Clemente Angioni (Transport)	clemente.angioni@ipp.mpg.de
Andrea Murari (Diagnostics)	Andrea.Murari@jet.efda.org
Elizabeth Surrey (NBI)	Elizabeth.Surrey@ccfe.ac.uk
Laurie Porte (ECRH)	laurie.porte@epfl.ch

Raymond Koch (ICRH)
Alain Bécoulet (LHCD)
Christian Day (Fuelling)

r.koch@fz-juelich.de
Alain.BECOULET@cea.fr
christian.day@kit.edu

or the Responsible Officers in the Close Support Unit

Boris Weyssow
Danilo Pacella

boris.weyssow@efda.org (Transport, H&CD)
danilo.pacella@efda.org (Diagnostics)

For any problems with the use of ECoM, please contact Bertrand Fanel
(bertrand.fanel@efda.org) or Jennie Humphreys (jennie.humphreys@efda.org).

Sincerely yours,

Francesco Romanelli
EFDA Leader
