Dear Colleagues,

## **CALL FOR PARTICIPATION IN THE DUST AND TRITIUM MANAGEMENT ACTIVITIES UNDER THE EFDA 2011 WORK PROGRAMME**

At its meeting in Budapest on 21-22 March 2011, the EFDA Steering Committee approved the revision of Annex V of the EFDA 2011 Work Programme, including the programme on Dust and Tritium Management. These activities are described in the EFDA Work Programme (EFDA (11) 47/4.2, Annex V), and require an estimated manpower as follows:

	<i>Baseline support (ppy)</i>	<i>Priority Support (k€) EC contribution</i>
V-4 Dust and tritium management	5.7	119.2

The implementation of the 2011 Work Programme will be under Task Agreements as foreseen in the new EFDA Art. 5. The proposed programme is summarised in the Call for Participation attached, *CfP-WP11-ETS-DTM.pdf*.

This letter invites your Association to participate in these activities, indicating the proposed manpower under Baseline Support (ppy) for the tasks your Association wishes to participate in, and proposing Work under Priority Support (ppy and/or kEuro) and Mobility when applicable.

### **Priority Support Activities**

In order to ensure the added value of EFDA coordination, priority support will be allocated only to the activities that are critical for the achievements of the programmatic priorities of EFDA and that could not be undertaken otherwise. Therefore, for activities proposed under Priority Support detailed information on skills and commitments are requested, including the manpower required for each proposal. Staff proposed for work under Priority Support will be selected on the basis of their experience and skills, the commitment in time towards the fulfilment of the task and the Association or research Group relevant experience or/and proposed additional support. Please ensure that when making a proposal for activities under Priority Support, a detailed proposal is submitted, including a description of the work to be performed outlining the novelty of the investigation compared with previous work and a description of the deliverables.

## Mobility

The use of the mobility agreement is foreseen for exchanging scientists between the involved Associations. If you wish to make use of mobility support you are invited to make a detailed proposal. **Note that your proposal should be included also in the Association's annual mobility plan.**

## ECoM System

The Call for Participation for these activities is being launched via the database system ECoM. Please therefore see below the link to connect to the Call:

ETS-DTM: <https://ecom.efda.org/efda/taskman/cfps/00039/response.html>

Clicking the link will take you directly to the login screen – please enter the user name and password as communicated to you in past. The full Call document is also available on the ECoM screen and can be obtained by clicking on the button “Download Call Document”.

Should your Association be interested in participating in these activities, you are kindly requested to **enter and submit your answers on the ECoM system by midnight of Thursday 21 April 2011.** Please note that once a proposal has been “submitted”, by clicking on the appropriate button, it is not retractable unless you contact the EFDA Responsible Officer, explaining the problem.

For any other technical details related to the Call, please contact the Responsible Officer in the Close Support Unit

Artur Malaquias [artur.malaquias@efda.org](mailto:artur.malaquias@efda.org)

For any problems with the use of ECoM, please contact Bertrand Franel ([bertrand.franel@efda.org](mailto:bertrand.franel@efda.org)) or Jennie Humphreys ([jennie.humphreys@efda.org](mailto:jennie.humphreys@efda.org)).
