Our ref.: AWP15-PPPT-CfP  
Date: 20 October 2014

**To the Members of the General Assembly**

Dear colleagues

**Subject: Work Plan 2014 – 2018 – Annual Work Plan 2015  
Call for Participation in Power Plant Physics & Technology Work Packages**

Although outlined in the 2014 – 2018 Work Plan, the Call for the Work Package Diagnostic and Control was planned to take place at the end of 2014. At its 6th meeting on 22 – 23 September 2014, the General Assembly approved the Annual Work Plan 2015 (AWP2015), which detailed the breakdown of the work, deliverables and resources for the area of Diagnostic and Control (WPDC).

With the present letter I invite you to submit proposals for WPDC. Details of the overall procedure are indicated in the attached documents:

- *AWP15-PPPT-CfP: Call for Participation in Power Plant Physics & Technology Work Packages*
- *PPPT\_Call\_Response\_Form\_WPDC*

As this is a new launch of a project, more information will be given in a technical meeting to be held remotely with the Project Leader on 28th October (see details in the attached).

Responses will be evaluated by the Project Leader, with the support of the Programme Management Unit. The Project Leader shall prepare a proposal for the allocation of resources within the Work Package WPDC which shall be submitted by the Programme Manager to the first General Assembly meeting in 2015.

Your reply shall be submitted via the ECoM system no later than midnight of **14 November 2014**. The link to use is: <https://ecom.euro-fusion.org/efda/cons>

For this Work Package only one single Call response form per Beneficiary shall be uploaded onto ECoM. In addition some information will need to be copied over into an ECoM entry mask. For WP2015 firm figures for manpower shall be provided (no hardware is foreseen in 2015). For the period 2016-18, the Research Units shall express indicative figures based on the foreseen profile of manpower and hardware expenditure included in the attached Call response form.

For manpower costs, the Research Units are asked to provide a single entry with the average salary of their staff. This average will have to include the eligible direct costs only (no indirect costs).

The following selection criteria will be applied:

- *Completeness of requested information*
- *Matching of responses to the competencies defined*

- *Sufficient level of commitment to avoid sub-critical contribution*

Any technical questions you might have please address to the WPDC Project Leader Wolfgang Biel [w.biel@fz-juelich.de](mailto:w.biel@fz-juelich.de)

For any other questions please contact the PMU RO Thomas Franke [thomas.franke@euro-fusion.org](mailto:thomas.franke@euro-fusion.org)

For any problems with the use of ECoM, please contact Jennie Humphreys ([jennie.humphreys@euro-fusion.org](mailto:jennie.humphreys@euro-fusion.org)).

Yours sincerely

Tony Donné  
EUROfusion Consortium  
Programme Manager
